## **DETAILED ACTION**

## Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 47-49 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention, or, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. As to Claim 47, this claim appears to be drawn to a method for manufacturing "a reef artifact" (line 1). Line 6 is subsequently drawn to "manufacturing the structure". It is unclear whether this claim is intended to be drawn to the method for manufacturing the structure or the reef artifact. If this claim is drawn to the manufacturing of the structure including the steps of manufacturing the artifact, then the omitted and essential step is that of mounting the artifact onto the structure. Claims 48 and 49 are rejected by dependence. Appropriate correction is required.

## Claim Rejections - 35 USC § 103

2. Claim rejections set forth previously under this section are withdrawn in view of the 22 November 2006 claim amendments. Claims 30-46 and 50-53 are allowed.
